

ART gone WILD!

Crafty Cutts

A Pictorial Project Guide
for
Wafer Thin Metal Dies

Medium and Large Inset

#3

Dear AGW Stamper,

Wow, another month gone and another month started, how time flies when we are creating and crafting... and taking care of a family, a house, working and so on. You may remember that song- something about "bringing home the bacon, frying it up in the pan"- maybe that's why the month goes so fast. But I'm going to pretend that it's all about crafting for the moment, since that is what I would rather do than the other junk I mentioned.

Here is booklet #3 which is all about the Large/Medium Inset die. This Crafty Cutts Metal Die creates a unique type of card because you can make things look 3-D, use the inset as sort of a box, or use it to surprise someone when they pull down a sliding door. This booklet has 5 different ideas and directions to help you make some really neat cards to share with family and friends. Once you make one and see how easy this Crafty Cutts Die is you will make them again and again.

So... happy crafting and card making.

Michelle Cutts
Creative Director
Art Gone Wild

Medium and Large Inset

CCD-004

What you'll need for almost every card...

- Large/Medium Inset Die
- Stamps from Art Gone Wild (stamps used are shown in back of this booklet)
- Red line tape and glue or double sided adhesive of your choice
- Card stock and scrapbook paper
- Black ink pad, pencil
- Paper trimmer, Scissors, scoring tool, ruler or straight edge
- Your favorite markers or whatever you like to color with
- A machine that cuts out metal dies, I happen to use the "Vagabond" machine but I have also used the "Cuttlebug", if you see that the score lines are not clear enough then you may want to add a shim.
- Candy Corn, peanuts, Reading glasses, chapstick, and chocolate kisses. These just add to the enjoyment, but not necessary for every project, well, maybe just the chocolate, no the corn and nuts. Did you know that if you eat them together they taste like a Payday candy bar! Just yummy.

3D Scenes

Cluttered Cabinets

Shadow Box

Supplies:

- Art Gone Wild Stamp listed in the back of this booklet
- Small pencil
- Rubber band
- Safety pin
- Paper clip
- Small marbles, I used 1/2 circle punch with glossy accents
- Circle punches used: 1/4, 1/2, 3/4, and 1 inch

Card Front:

- Punch out Circles and attach

- If you want to add the little details, make some dots around the circle punches and use a black fine line marker to edge

Inside the Card:

- $2\frac{1}{8} \times 3\frac{3}{4}$, blue card stock

Card Base:

Blue, $8\frac{1}{2} \times 5\frac{1}{2}$

- Score card stock, photo A
- Die Cut, photo B
- Attach card stock $2\frac{1}{8} \times 3\frac{3}{4}$ inset area, photo C
- Attach C to A
- It will look like photo D
- Insert the objects into the inset area.
- Add little details of paint dots and black edging

8 Basic Frame

Supplies:

- Red Viva Decor
- Chrome Viva Decor
- Art Gone Wild Stamps Listed in Back of Booklet
- Crafty Cutts Metal Die Holly CCD-017

- Score card in half first 4-1/4
- Then score the 1/8 in. score lines

Folding order:

- Flap 1 Fold towards inside of card
- Flap 2 Fold back towards center of inset
- Flap 3 Fold "A" score line towards inside of card
- Flap 4 Fold "B" score line back towards center of inset

- After you have folded all the score lines
- Insert the image size of piece should be $2\text{-}\frac{7}{8} \times 3\text{-}\frac{3}{4}$
- Glue flaps to image

- Attach to inside of card
- Put red line tape on black card stock
- The red line tape really won't be this long, I just need to show you how it would look

- If you could see through the front of the card after the black card stock is attached, this is how it should look

- Add white card stock
- Score
- Add greeting here

- This would be a great card to insert a photo

Coloring a Topiary Tree

Coloring a topiary tree is quite easy...

- With a tree like this or really almost any tree, you can use these simple steps and have a beautiful tree.
- Depending on your collection of markers you can add many shades of green or keep it really simple with only two shades.
- Photo A, color the entire area you would like green, light shade
- Photo B, make dots in a darker green in the darker areas or where there is shading in the image, you can blend with the first marker if you would like.
- Photo C, make more dots in the darker greens, if you have them available, if not you can stop at letter B.
- I love to color but I do not claim to be a professional. Sometimes I even go out of the lines. Everything that I have learned about coloring would be when I went to kindergarden.
- One thing I can tell you, is that the order to color in when blending would be to go from light to dark and then back to light to blend the two colors together.

To finish the tree...

With less colors, you can still have a beautiful tree.

Numbers given are from Copic, but really please use whatever type of coloring media you have and enjoy using.

Cluttered Cabinet Part 1

Supplies:

Circle punches: 5/16 EK, 1/2 EK,
1 in., Green, Marvy
2 in., Blue, Marvy

Art Gone Wild Stamps are shown in back of booklet

Mirror paper

Acetate to connect the door on or you can use the tabs on door

Glossy Accent

Punch items as shown:

2 in.

1 in.

1/2

5/16

1/2 x 4, strip 

3-1/8 x 2-3/8  2 of 3-1/8 x 2-3/8

 slit • Make a slit to slide in acetate

• Card Base: Purple, 8-1/2 x 5-1/2

•  red line tape

- After you have attached the items shown above you can die cut the shape into the card stock by centering it in middle of the card front, I use removable tape to hold in place
- Fold the score lines as shown in the photos below
- Put adhesive on the inside of the card, photo A

- Lay down card stock to cover up the ugly back side 
- Insert a piece of Black card stock 3-1/8 x 2-3/8 into the inset 

- If you would like to tape the corners down on the inside of the card you can, photo B

Cluttered Cabinet Part 2

Finishing the inside of the cabinet:

- Stamp and color image
- To make the cabinet look 3D, you will need to stamp again, but only color the images you will need to layer.
- Cut apart image if you want to add what looks like shelves, with foam tape and black strips.
- This will just give you a little more room to add the foam tape.

- Cut thin strips of foam tape
- Lay the foam tape onto the shelves
- Lay black strips of paper on top

- Cut out pieces you would like to pop up.
- Put foam tape on the backside and attach to shelf.

- Cut a piece of acetate around 2 x 2 and fold in half
- Attach mirror to frame
- Attach folded acetate to back of mirror paper, photo A
- Put 1 of the 2 pieces of the 3-1/8 x 2-3/8  on the back of the mirror paper and acetate

- Put adhesive on the acetate, photo B
- Put through slit and stick down

- Acetate 
- Green Frame 
- Mirror Paper 
- Red Line Tape 
- Card 

Side View

Large Inset w/Spring Surprise Part 1

Supplies: Florist wire

Measure and cut these items as shown:

1 of 4 x 1/4

1 of 4 x 1-1/2

1 white, 1 x 1 3/4

1 black, 1-1/4 x 2

1 of 3 1/2 x 3 1/2

Die cut these items as shown:

die cut 4 x's
use white side

die cut 4 x's

die cut 5 x's

For the circles above, use the circle that is attached to the pentagon flower. When you are cutting out the flowers, at the same time, you can cut out the circles... yes, you would see the score lines. So... if that bothers you, you can use a 3/4 in. circle punch.

Front of the card

To make your life a little easier, I have inserted a template to trace, score and cut in this booklet. I am still giving you the measurements in case you lose the template. (something I would do)

You will be using black card stock

Assemble as shown:

Paper loop, once folded

- Add adhesive 
- Redline tape works great for this card
- Fold over
- This is now the back

- Stamp the halloween images on circles and then attach
- If you would like to glue down scallops, you can

Large Inset w/Spring Surprise Part 2

Template located in back of booklet

Measure and Cut out the following items:

2 strips - $3/8 \times 5 \frac{1}{2}$

2 strips - $3/8 \times 5 \frac{1}{2}$

- To make directions a bit easier to understand, I have used different colors of paper.
- When you make this, use all one color. The sample was done all in black.

1 of $1-3/8 \times 2$

Flat Purple Noodle

Assembly of the Slider

• Looking from the top down

- In part one, we assembled the top piece. Now we will start to connect the two pieces together
- When you see  use strong adhesive, I used red line tape

Top Base

Side View Top

Paper loop

- Slide the strips into the loop of paper "B"
- Put adhesive on the ends of each strip of paper
- Attach to edge of white top base

Bottom Base

Side View Bottom

Flat Purple Noodle

- Attach the Flat Purple Noodle to the bottom area of the Bottom Base Card around 1/8 to 1/4 from edge see "C"
- After the strip is through the Purple noodle, attach, see "D"

- Punch a 1 in. circle at the edge of the card

Large Inset w/Spring Surprise Part 3

- When the red line is shown like this, that means that you should not attach permanently until the card works correctly

- Stamp and color the Halloween scene, Cut
- Attach the background to black card stock
- Make a spring with florist wire, Photo A
- Pierce a hole by the head stone, Photo B
- Insert spring into hole and tape on back
- Attach the witch onto the spring, Photo C
- Put foam tape on backside of middle piece
- Put a double layer of foam tape on the foreground and attach
- Photo D shows the layers of foam tape

A

B

Middle Ground

C

D

- Attach the scene into the inset
- Stamp "pull down" and punch with 1 in. punch and attach
- Push the witch down and slide closed. DONE!

Great Stamps to Consider

3D Scenes...Color, cut, and put in a card made with the Crafty Cutts Large Inset Metal Die. What a neat scene you will have to give to someone to oohhh and aahhh over.
